MR. VINOD KUMAR BEHL

FOUNDER'S MESSAGE

Today, we aim at clearing doubts and strengthening the fundamentals of students in their subjects, because we believe these cleared doubts and strengthened fundamentals will eventually strengthen the destiny of our nation, which actually lies in these hands that are holding the 'mighty' pen & are now learning with technology. And we are confident that with Vian Academy, their future is in safe and progressive hands. This endeavour is actually a journey, which we take along with our students. We wish to feel their emotions, their frustrations, their dreams, their vision, their struggles and their joys. Together we live an experience, which they would remember as one of the most cherished moments in their lives after qualifying the coveted competitive exams.

OUR VISION

- 01.** Our goal is to win heart of every parent by proving them that their child is getting the best education from the top educator of our country, who is also the friend, guide & mentor of your child.
- 02.** We at Vian Academy helps the young aspirants to make their dreams come true with quality education. And we assure that your child's future is in safe & progressive hands.

QUALITY EDUCATION = RIGHT FOR EVERY CHILD

Our vision is very clear we just believe in quality over quantity and that is the reason behind not putting more than 15-20 students in one batch.

Also Educators here are highly professional with more than 10+ years of teaching experience

PROPERLY SCHEDULED CLASSES

A proper time table will be given to your child, which will be helping you to know the exact schedule of the classes.

Let's CULTIVATE READING BOOKS!

We are also providing the library facility, in order to ensure that the child can learn in a environment which is perfect for his preparation and self study.

So your child can come and take benefit of the books we have in our library anytime he/she wish to 24/7.

online CLASSES

Our experienced faculties are also taking online classes on the biggest platform youtube, so if your child is having doubt in any of the topic he/she can clarify it any time from the lectures posted on youtube.

There classes are for students welfare which will be free of cost .

WELL EQUIPPED FULLY FURNISHED CLASSROOMS WITH AC FACILITY

Vian Academy has embraced technology and it provides advanced infrastructure. Our aim of providing the best and to embrace the new way of lifestyle, the architecture of the academy has been thoughtfully designed with spacious, well ventilated Classrooms which are fully Air-Conditioned with CCTV Surveillance. The Centrally Air Conditioned Classrooms create dynamic environment, thus providing our students with congenial conditions that trigger learning and facilitate teaching.

[MORE INFORMATION](#)

JUNIOR WING

6TH,7TH,& 8TH,(FOUNDATION)

We are providing the quality education for class VI, class VII, class VIII, class 9 and class 10. On the basis of quality of education only we assure you to not only to improved percentage of marks but focus also all type career development. Though many of coaching institution claim to be best coaching but is it true to claim it.

How we are the best coaching institutions?

In brief we can only say that if someone join our institution in class VI, class VII, class VIII, class IX or class X then we can give assurance & guarantee of their future career, it does not matter whether students are dull or intelligent. Day by day competition is going to become tough to tougher so it is better to start as early as possible to beat the competition.

Though students of class 10 are focusing on board examination but class VI to class IX is time to build strong foundation of their career.

ACADEMIC WING

FOUNDATION IX-X

CBSE-IX/X-(All subject)–Physics, Chemistry, Biology , Maths and English – Vian Academy offers support for classes 9th/10th.

To enable the students to solve mathematical problems of daily life. We have to select the content and methods of teaching so that the students are able to make use of their learning of mathematics in daily life.

To enable the students to understand the contribution of mathematics to the development of culture and civilization. To develop thinking and reasoning power of the students.

To prepare a sound foundation needed for various vocations.

Mathematics is needed in various professions such as those of engineers, bankers, scientists, accountants, statisticians etc.

To prepare the child for further learning in mathematics and the related fields. School mathematics should also aim at preparing him for higher learning in mathematics.
